WHAT THE STUDENTS TELL US:

"You never leave a Sheltering Arms training session with any questions unanswered...you always learn something you can use on a daily basis as a teacher."

"Training is exciting and fun and a reminder to me of how I should make my lesson plans for the children."

"Sheltering Arms offers more than just the basics of early childhood development; they give you the real 'meat-and-potatoes.'"

Early Care and Education Training

Quality Professional
Development in a Hands-On
Environment

The power of education begins here.™

WHAT IS THE SHELTERING ARMS GEORGIA TRAINING INSTITUTE?

Sheltering Arms' Georgia Training Institute (GTI) builds our state's capacity to create positive outcomes for children and families. GTI provides quality training for early care and education and family support professionals. GTI students increase skills and knowledge, advance in their careers, and strengthen their commitment to the field. GTI's Early Care and Education Training is unique:

- Training is research-based.
- Training encompasses the expertise of Sheltering Arms Early Education & Family Centers, a provider of care and education for young children since 1888.
- Workshops are hands-on, with an on-site accredited child development center that serves as a laboratory.
- Training offers a first-hand look at how best practices are being applied in a nationally-acclaimed model for successful early care and education.
- GTI's accessible, community-based setting helps child care professionals build the self-esteem and confidence needed to pursue formal education in Georgia technical schools, colleges, and universities.

EARLY CARE AND EDUCATION TRAINING OPPORTUNITIES

- Child Development Associate (CDA) Credential
- Introductory, Intermediate, and Advanced Continuing Education
- Facility Development and Design
- Program Design and Implementation
- Monitoring and Planning for Licensing and Accreditation
- Transportation
- Administrator Training
- Food Service Management
- Early Head Start Model Classroom Seminars
- On-Site Consultation

AFFORDABLE TRAINING FOR INDIVIDUALS AND INSTITUTIONS

A complete schedule of upcoming training, including class times, location, instructors, and tuition fees, is available for download at www.shelteringarmsforkids.com. Inquire at registration for availability of tuition scholarships and eligibility requirements. Institutional contracts for staff professional development are welcome. Sheltering Arms' Georgia Training Institute is conveniently located in downtown Atlanta near major interstates and public transportation. GTI has free on-site parking and is within walking distance of restaurants, hotels, and major attractions.

“As more young children spend most of their waking hours in child care centers, the Sheltering Arms story has important lessons for policy makers and other child care organizations seeking to support healthy child development and school readiness.”

- Harvard Family Research Project
